

Important Customer Information: ICS2 and Safety & Security Declaration Charges

From March 1, 2025, NTEX will implement new charges in line with regulatory requirements for both ICS2 declarations for imports to the EU and Safety & Security declarations for imports to the UK.

ICS2 Charge (EU Imports)

For all shipments where NTEX provides both the Export and ICS2 declaration, the charge will be £35. For customers using another agent for the Export declaration, the charge for the ICS2 declaration alone will be £20.

Safety & Security Declaration Charge (UK Imports)

This charge will be merged with the Border Control Post Fee, and the total costs will be:

- ◆ Full Trailer Shipments: £19.32 / SEK 267
- ◆ Part Load & Groupage Shipments: £8.48 / SEK 117

These charges cover compliance with the new reporting requirements and ensure seamless cargo movement.

If you have any questions, please contact your NTEX representative.
